About Us

Rayhan College and Hospital had its inception in the year 1998, Spreading across in acres of land, this college delivers highest level of academic excellence and infrastructural facilities molding quality professionals time to time.

The conducive environment provided by the college enables every student to achieve excellence in their chosen field of specialization. The zestful atmosphere encourages every student to develop and achieve his/her rational and intellectual powers.

The existing college building has got a wide built up area. A campus with impressive labs, latest edition of all books of renowned authors and lecture halls with sophisticated teaching modalities. We also provide homely hostels where sumptuous food is cooked and served hygienically.

Why Choose Us

- **Peer support and tutoring programs**

Adjusting to student life isn't always easy, so it's worth looking out for peer support and mentoring programs at your institution.

- **Counselling**

Trained counsellors can give confidential advice to students struggling with their studies, relationships or problems at home.

- **Careers service**

Careers offices provide counselling and guidance to students who are unsure of what field they want to enter after graduation

- **Clubs and Socio-Cultural activities**

The range of clubs and Socio-Cultural activities verges on the ridiculous, with groups for everything from environmental activism to peer appreciation and medieval re-enactment.

- **Student union**

Student unions are student-run organisations on campus that lobby for student rights and a range of extra curricular activities

- **Student health clinic**

On-campus nurses can provide first-aid treatment and information and referrals on general medical .

- **Libraries**

Access to a well-stocked library makes it a lot easier to complete your assignments and get some quiet study done between classes.

- **Prayer rooms**

Prayer rooms provide a quiet place for students to pray and reflect during breaks.

Connect to Careers - "Gateway for Placement Opportunities"

Connect to Careers is one of the largest job search network for college students & even graduates. We offer recruitment services to large corporates to give fresh talents from over partners through online & offline (Job Fairs).

The Platform is well equipped to identify the employability to the candidate through employability scorecard which maps the student's profile based on his/her academic scores, certifications obtained, projects undertaken etc. The employability scorecard helps recruiters to choose the best suited candidates. In case of a job opening matching a profile, the student will be notified of the same. This service is offered to a student as a part of JUx Community.

- Over **5 Lakhs** Job Aspirants
- **365 Days** of Online Recruitment
- **10+ Job Fairs** Every Year
- **1000+** Companies Participating Every Year
